Radio Interface

Recent Calls

INTERCOM Session: Sender:

RX / TX TX Passive Record File To: Selected Master Radios

MASTER DIGITAL **HICKORY VALLEY**

PTT Free channel Ch 1 Crossbow **PTT** Free channel

ALTON CROSSING **SPRINGFIELD JCT.**

PTT Free channel **PTT** Free channel

GPS Tracking
Automatically shows unit locations. Dispatcher can also poll a unit to manually update.
**(Digital operation only)

Units Active
Automatically shows which locomotives, vehicles, handhelds are in operation.
**(Digital operation only)

Push-To-Talk
Dispatcher uses mouse to transmit; or can use touch-screen.

Remote Base Stations
This system has four sites. The dispatcher can talk to each site individually, or as many as selected. The sites can also be conferenced. For example, a person at "Alton Crossing" can talk thru to a person at "Hickory Valley" regardless of distance.

Text Messaging
Dispatcher can send text messages to units; they can reply, depending on how you need programmed. All text messages are also logged.
**(Digital operation only)

Playback.
Every transmission can be played back, by simply highlighting a line from the log and clicking here.
